Independent Auditor's Report

To. The Members of Infinity.Com Financial Securities Limited

Report on the Audit of the Financial Statements

Opinion:

We have audited the accompanying Financial Statements of Infinity. Com Financial Securities Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of Significant Accounting Policies and other explanatory information (hereunder referred to as the "Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair value in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its Profit, Total Comprehensive Income, Changes in Equity and its Cash Flows for the year ended on that date.

Basis of Opinion:

We have conducted our Audit of the Financial Statements in accordance with the Standards on Auditing ("SA"s) specified under Section143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our Audit of the Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the Audit evidence obtained by us is sufficient and appropriate to provide a basis of our Audit on the Financial Statements.

Information other than the Financial Statements and Auditor's Report thereon:

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our Audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements, or our knowledge obtained during our Audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report the fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements:

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of this Financial Statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements:

Our objective is to obtain reasonable assurance about whether the Financial Statements are free from material misstatement, whether due to fraud or error, and to issue an Auditor's Report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an Audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken based on these financial statements.

As part of an Audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the Audit. We also:

 Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for out opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the Audit to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the Audit and significant audit findings, including any significant deficiencies in internal control that we identify during our Audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to be bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

- 1. As required by the Companies (Auditor's Report) Order, 2020 (the "Order") issued by the Central Governments in terms of Section 143(11) of the Act, we give in "Annexure-A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our Audit.
 - b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.

- c) The Balance Sheet, the Statement of Profit & Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with Books of Accounts.
- d) In our opinion, the aforesaid Financial Statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the Directors as on March 31, 2022 taken on record by the Board of Directors, none of the Directors are disqualified as on March 31, 2022 from being appointed as a Director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure-B". Our Report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
- g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act and according to the information and explanations given to us, there was no remuneration paid by the Company to its Directors during the Current year.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivative contracts as such the question of commenting on any material foreseeable losses thereon does not arise.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. The Management has represented that, to the best of its knowledge and belief:
 - a) No funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or

entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

- c) Based on the Audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has cause us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The Company has not declared or paid any dividend during the year.

"Annexure-A" to the Independent Auditor's Report (Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' Section of our Report to the Members of Infinity.Com Financial Securities Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the Books of Accounts and records examined by us in the normal course of Audit, we state that:

In respect of the Company's Property, Plant and Equipment and Intangible Assets: i.

(a) (A) The Company does not own any Property

The Company has maintained proper records showing full particulars, including quantitative details of Plant and Equipment and relevant details of right-to-use.

- (B) The Company does not own any Intangible Assets.
- (b) The Company has a program of physical verification of Plant and Equipment and right-of-use of assets so as to cover all assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Plant and Equipment were due for verification during the year and were as informed to us by the Management these assets were physically verified during the year and no material discrepancies were noticed on such verification.
- (c) Since the Company does not own any Property, comment under Clause 3(i)(c) is not given.
- (d) The Company has not revalued any of its Plant and Equipment during the year.
- (e) As informed to us, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and Rules made thereunder.
- As informed to us: ü.
 - (a) the inventories have been physically verified during the year by the management. The intervals at which the inventories were verified are, in our opinion, reasonable in relation to the size of the Company and the nature of its business. The Company is maintaining proper records of inventory and no material discrepancies were noticed on physical verification.
 - (b) the Company had not been sanctioned working capital limits in excess of Rs.5 crore, in aggregate, at any point of time during the year, from Banks or Financial

Institutions on the basis of security of Current Assts and hence reporting under Clause 3(ii)(b) of the Order is not applicable.

iii. As informed to us, the Company has not made any Investments in Companies, Firms, Limited Liability Partnerships during the year.

As informed to us, the Company has not granted unsecured loans, has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to Companies, Firms Limited Liability Partnerships or any other parties during the year.

Accordingly, comment under Clause 3(iii)(a) to (f) of the Order are not applicable.

- iv. The Company has complied with the Provisions of Section 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees, and security provided, as applicable.
- v. The Company has not accepted any Deposit or amounts which are deemed to be Deposits. Hence, comment under Clause 3(v) of the Order is not applicable.
- vi. The maintenance of cost records has not been specified by the Central Government under Sub-Section (1) of Section 148 of the Companies Act, 2013 for the business activities carried out by the Company. Hence, comment under Clause 3(vi) of the Order is not applicable.
- vii. In respect of Statutory dues:
 - (a) In our opinion, the Company has generally been regular in depositing undisputed Statutory dues, including Goods & Service Tax, Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material Statutory dues applicable to it with appropriate authorities.

There were no undisputed amounts payable in respect of Goods & Service Tax, Provident Fund, Employees State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material Statutory dues in arrears as at March 31,2022 for a period of more than six months form the date they became payable.

- (b) According to the information given to us there are no Statutory dues, including Goods & Service Tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, Duty of Custom, Duty of Excise, Value Added Tax, Cess and other material Statutory dues applicable to the Company outstanding on account of any dispute.
- viii. There are no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) The Company has not defaulted in repayment of any loans or other borrowings or in the payment of interest thereon to any lender. Hence reporting under Clause 3(ix)(a) of the Order is not applicable.

- (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year, however there are outstanding term loans at the beginning of the year and which were applied for the purposes for which the loans were obtained.
- (d) On an overall examination of the Financial Statements of the Company, funds raided on short term basis have, prima facie, not used during the year for long term purposes of the Company.
- (e) On an overall examination of the Financial Statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries.
- (f) The Company has not raised any loans during the year on the pledge of the securities held in its subsidiaries.
- x. (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under Clause 3(x)(a) of the Order are not applicable.
 - (b) During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under Clause 3(x)(b) of the Order is not applicable.
- xi. (a) No fraud by the Company and not material fraud on the Company has been noticed or reported during the year.
 - (b) No report under Sub-Section (12) of Section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under Rule 13 of the Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this Report.
 - (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this Report), while determining the nature, timing and extent of our Audit procedure.
- xii. The Company is not a Nidhi Company and hence reporting under Clause (xii) of the Order is not applicable.
- xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the Related Parties and details of Related Party Transactions have been disclosed in the Financial Statements as required by the applicable accounting standards.
- xiv. (a) In our opinion the Company has an adequate Internal Audit system commensurate with the size and nature of its business.

FR18

- (b) We have considered, the Internal Audit Report for the year under Audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our Audit procedure.
- xv. In our opinion, during the year the Company has not entered into any non-cash transaction with its Directors' or persons connected with its Directors, and hence provisions of Section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be regulated under Section 45-IA of the Reserve Bank of India Act, 1934. Hence reporting under Clause 3(xvi)(a), (b), (c) of the Order are not applicable.
- xvii. The Company has not incurred Cash losses during the Financial Year covered by out Audit and the immediately preceding Financial Year.
- xviii. There has been no resignation of the Statutory Auditors of the Company during the year.
- xix. On the basis of the Financial Rations, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the Financial Statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the Audit Report indicating that the Company is not capable of meeting its liabilities existing at the date of the Balance Sheet as and when they fall due within a period of one year for the Balance Sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the Audit Report and We neither give any guarantee not any assurance that all liabilities falling due with a period of one year from the Balance Sheet date, will ger discharged by the Company as and when they fall due.
- xx. According to the information and explanation given to us, the Company does not fall under the provisions of Section 135 of the Act, accordingly, reporting under Clause 3(xx)(a) and (b) of the Order are not applicable for the year.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT
(Referred to in Paragraph 1(f) under "Report on other Legal & Regulatory
Requirements" section of our Report to the members of *Infinity.Com Financial*Securities Limited of even date)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls over financial reporting of Infinity. Com Financial Securities Limited (the "Company") as of March 31, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Management of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTE - 1

CORPORATE INFORMATION

Infinity.Com Financial Securities Limited ("the Company") wholly owned subsidiary of Pioneer Invest Corp Limited having its registered of office at 1216, Maker Chambers V, 12th Floor, Nariman Point, Mumbai - 400021 and incorporated under the provisions of the Companies Act,1956. The Company is SEBI Registered Clearing and Trading Member of The National Stock Exchange and Bombay Stock Exchange. The Financial statements are approved for issue by the Company's Board of Directors on June 30, 2022

NOTE - 2

SIGNIFICANT ACCOUNTING POLICIES

2.01 Basis of preparation and presentation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

The financial statements have been presented in accordance with schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

2.02 Functional and presentation currency

Items included in the financial statements of Company are measured using the currency of the primary economic environment in which the Company operates (the functional currency). Indian rupee is the functional currency of the Company.

2.03 Use of estimates

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognized in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

2.04 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or

In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2- Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 -Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management varies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.05 Revenue recognition

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- A) Identify the contract(s) with a customer;
- B) Identify the performance obligations;
- C) Determine the transaction price;
- D) Allocate the transaction price to the performance obligations;
- E) Recognise revenue when or as an entity satisfies performance obligation.

Revenue from operations Sale of Services Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees, lead manager fees are recognized when the Company satisfies performance obligation. Lead manager fees are recognized over a point of time. The Company measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognized point in time.

Brokerage

Revenue from brokerage is recognized point in time.

Interest Income

Under Ind AS 109, Interest income is recognized by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and Ioss (FVTPL).

The EIR in case of a financial asset is computed

- a) As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b) By considering all the contractual terms of the financial instruments in estimating the cash flows
- c) Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognized in interest income with the corresponding adjustment to the carrying amount of the assets.

Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Company on the balance sheet date is recognized as an unrealized gain / loss. In cases there is a net gain in the aggregate, the same is recognized in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realized gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognized in net gain\loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortized is presented separately under the respective head in the Statement of Profit and Loss.

Dividend Income

Dividend income is recognized

- a) When the right to receive the payment is established.
- b) it is probable that the economic bene ts associated with the dividend will flow to the entity and
- c) the amount of the dividend can be measured reliably

2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognized in the Statement of Profit and Loss except to the extent it relates to items recognized in the other comprehensive income or equity. In which case, the tax is also recognized in other comprehensive income or equity.

Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

Subsequent Cost

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013.

Leasehold improvements are amortized over the lease period.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Asset	Useful life (in Years)
Computers	3 years

Derecognition

An item of property plant & equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Upon first time adoption of IND-AS, the Company has elected to measure all its property, plant and equipment at the Previous GAAP carrying amount at its deemed cost on the date of transition to IND-AS i.e. April 01, 2018.

2.08 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization and impairment loss, if any.

The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

The Company has elected to continue with the previous GAAP carrying amount of all intangible assets as deemed cost at the date of transition i.e. April 01, 2018

Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

Derecognition

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortized on a straight line basis over its estimated useful life or maximum 3 years, whichever is shorter.

2.09 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

2.10 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or nonoccurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

2.11 Impairment of assets

a) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The

Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.

b) Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset. unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Proll and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount.

The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

2.12 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. On initial recognition, a financial asset is recognized at fair value, in case of Financial assets which are recognized at fair value through profit and loss (FVTPL), its transaction cost are recognized in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

Amortized cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ("EIR") method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

Fair value through profit and loss (FVTPL):

A financial asset not classified as either amortized cost or FVOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as "Net gain on fair value changes " in the Statement of Profit and Loss.

Fair value through other comprehensive income (FVOCI):

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Company changes its business model for managing financial assets.

Trade Receivables and Loans:

Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortized cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments:

Debt instruments are initially measured at amortized cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

a) Measured at amortized cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortized cost using the effective interest rate ("EIR") method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

MUMB

b) Measured at fair value through other comprehensive income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to "other income" in the Statement of Profit and Loss.

c) Measured at fair value through profit or loss:

A financial asset not classified as either amortized cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as "Net gain on fair value changes" in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognized separately from "net gain on fair value changes" in the statement of profit and loss.

Equity Instruments:

All investments in equity instruments other than investments in subsidiary companies classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognized in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognized in OCI. Amounts recognized in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognized in the Statement of Profit and Loss.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

Financial Liabilities:

Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognized initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of

directly attributable transaction costs. The Company's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

Subsequent measurement

Financial liabilities are subsequently measured at amortized cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

(a) Borrowings:

Borrowings are initially recognized at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortized cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognized in the Statement of Pro tand Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

(b) Trade and Other Payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method

(c) Deposits:

They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method

(d) Financial guarantee contracts:

The Company on case to case basis elects to account for financial guarantee contracts as a financial instruments or insurance contracts, as specified in Ind AS 109 on financial instruments or Ind AS 104 on Insurance contracts. The Company has regarded its financial guarantee contracts as insurance contracts. At the end of each reporting period the Company performs liability liquidity test (i.e. it assesses the likelihood of a payout based on current undiscounted estimates of future cash flows), and any deficiency is recognized in the statement of profit and loss.

Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires.

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by

MUMB.

another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

2.13 Segment Reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

Segment information:

Companies whole business is being considered as one segment.

2.14 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

2.15 Retirement benefits

i. Defined contribution plans (Provident fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Company has no further obligation under the plan beyond its monthly contributions.

Obligation for contributions to the plan is recognized as an employee benefit expense in the Statement of Profit and Loss when incurred.

ii. Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Company provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lumsump payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Company. The Company's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognized past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Company's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognized asset is limited to the total of any unrecognized past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Company recognizes all re-measurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

iii. Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognized for the amount expected to be paid under short term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

iv. Compensated absences

The employees of the Company are entitled to leave as per the leave policy of the Company. The liability in respect of unutilized leave balances is provided at the end of year and charged to the Statement of Profit and Loss.

2.16 Lease

Company as a Leasee

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate. The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to

extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease. The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

Right of use assets

The Company as a lessee The Company's lease asset classes primarily consist of leases for land and buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases), variable lease and low value leases. For these short-term, variable lease and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term or useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying value may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sale and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

2.17 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

2.18 Recent accounting developments

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable to the Company from 1 April 2022

Weighted average remianing duration of Defined Benefit Obligation

8.54

XXI Narrations

1 Analysis of Defined Benefit Obligation

The number of members under the scheme have decreased by 3.33%

The total salary has decreased by 0.76% during the accounting period

The resultant liability at the end of the period over the beginning of the period has decreased by 1.43%

2 Expected rate of return basis

Scheme is not funded EORA is not applicable

3 Description of Plan Assets and Reimbursment conditions

Not Applicable

4 Investment / Interest Risk

Since the scheme is unfunded the Company is not exposed of investment / market risk

5 Longevity Risk

The Company is not expected to risk of the employees living longer as the benefit under the scheme ceases on the employee separating from the employer for any reason

6 Risk of Salary Increase

The Company is exposed to higher liability if the future salaries rise more than assumption of salary

7 Discount rate

The discount rate has increased from 6.32% to 6.85% and hence there is an increase in liablity leading to acturarial loss due to change in discount rate

Note No.: 29

(Rs. In Lakhs)

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk:interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and derivative financial instruments.

Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to Rs 2138.06. Lakhs and Rs 2290.68 Lakhs as at March 31, 2022 and March 31, 2021. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal cause of business.

The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss aflowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Company have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

Particulars	31.03.2022	31.03.2021
Revenue from top customer	129.60	103.68
Revenue from top 5 customers	171.62	138.28

(b) Ageing analysis of the age of trade receivable amounts that are not due as at the end of reporting year:

Particulars	31.03.2022	31.03.2021
Within credit days	-	-

(c) Ageing analysis of the age of trade receivable amounts that are past due as at the end of reporting year but not impaired:

Particulars	31.03.2022	31.03.2021
Trade receivables:		
Less than 90 days	2,059.86	2,212.94
91 to 180 days	0.52	1.34
more than 180 days	77.67	76.41
Total	2,138.06	2,290.69

Balances with Banks and other financial assets:

The Company holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

Investments in debt securities measured at amortised cost

Expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. Since there was no significant increase in credit risk from initial recognition, the management has applied 12 months ECL. No expected credit loss is required to be made based on the Company's management assessment considering the probability of default, loss given default, exposure at default and the discounting rate applied to the individual investments.
